**PETITION UNDER RULE 1.47(a)**

Commissioner for Patents  
P. O. Box 1451  
Alexandria, VA 22313-1451

Dear Sir/Madam:

Applicant's attorney Lowell Anderson respectfully petitions the Assistant Commissioner under Rule 47(a) to accept the application for filing without the signatures of two inventors, Mr. Greg Metzger and Mr. Fred Enstrom.

The pertinent facts are supported by the accompanying Declaration of Larry Brown. Mr. Metzger and Mr. Enstrom signed an inventor's oath for a continuation of the present application, and assigned that application to Securus, Inc. as shown by the oath and assignment attached to Mr. Brown's declaration. Securus owns the rights to the presently claimed invention and to the application via that assignment.

But Mr. Metzger and Mr. Enstrom refused to sign the parent application bearing the present

application serial number unless Securus used them to manufacture products covered by the patent.

Brown Decl. at ¶ 4.

Mr. Metzger's last known address is 350 Linwood, Escondido, California, 92027. Mr. Enstrom's last known address is 25746 Forest Drive, Escondido, California, 92026.

Acceptance of the application with less than all the signatures on the application is respectfully requested under Rule 47(a).

The petition fee is enclosed herewith. Should any additional fees be necessary please charge Deposit Account No. 19-4330.

Respectfully submitted,

Date: 4/13/06

**RULE 1.47(a) DECLARATION OF LARRY D. BROWN**

Mail Stop **Petition**  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Dear Commissioner:

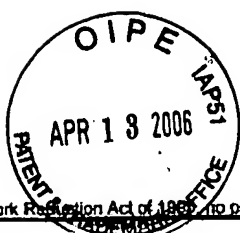

I, Larry D. Brown, state and declare as follows:

1. I am an employee of Securus, Inc. and have been for over ten years.
2. I am also a co-inventor of the above identified patent application serial no. 10/620,638. This application was expressly abandoned after continuation application serial no. 10/706,578 (now. Pat. No. 6,977,041) was filed which claimed the benefit of the filing date of application serial no. 10/620,638.
3. On or about Wednesday, March 8, 2006 I met with Greg Metzger and Fred Enstrom who are named as co-inventors in the above identified patent application serial no. 10/620,638. I had previously given them a copy of the patent application and obtained their signature on an inventor's declaration and assignment for the continuation application 10/706,578. A true and correct copy of that inventor's declaration for that continuation application, and a true and correct copy of the assignment of that application to Securus, Inc., are attached hereto.

4. I asked Mr. Metzger and Mr. Enstrom to sign the inventor's declaration for the above identified application serial no. 10/620,638. They each refused to sign the inventor's declaration. They each indicated they would reconsider signing the inventor's declaration if Securus used their services to manufacture the product that is the subject of application serial no. 10/620,638.
5. Mr. Metzger's last known address is 350 Linwood, Escondido, California, 92027. Mr. Enstrom's last known address is 25746 Forest Drive, Escondido, California, 92026.

I further declare that all statements made hereon of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
